To the Policy Holders of **Equitable, New York and Mutual Life:**

never more necessary than now to keep a level head. The first part of the "System's" deep laid plot to secure absolute possession of your billion and a quarter funds has been successfully pulled off, but they have not won yet; if you sit tight for a few weeks longer you will witness the complete uncovering of the most gigantic corruption ever perpetrated. Have no fear that the class of men who not so long ago, in absolute defiance of the law, had their office boys borrow from one of their trust companies millions of the people's deposits will be allowed to have their own way in 1905. The problem for you to-day is the same as one year ago. You now know that you have been tricked during the past twenty years into paying over to the three big companies hundreds of millions of dollars more than was necessary. This money has been "Diverted"; those who "Diverted" it have not returned it nor been sent to prison. The money is going to be returned and the thieves are going to be punished. In the future your billion and a quarter is absolutely to be safeguarded and to preserve the solvency of your present policies you will not be compelled to pay over forty cents on the dollar of the amount the conspirators have in the past exacted from you

Documents now being prepared, will, when published, brush away the "System's" plot as the incoming ocean does the mud forts of children. My coming chapter in Everybody's, out June 20, will contain a statement and a blank calling for signatures of policy holders.

To Amalgamated Stockholders:

This is probably the last opportunity you who have not yet sold will have to do so at anything like present prices. I am preparing documents, which if published to-day, would, in my opinion. cause Amalgamated stock to instantly drop below 50. This statement you may take at face value or not. I make it now that you may have no complaint later.

Boston, June 12, 1905.

THOMAS W. LAWSON.

To the Holders of Pittsburgh and Western Railway Company's First Mortgage Four Per Cent. Gold Bonds, maturing July 1, 1917:

Under the provisions of the mortgage securing the Company's Pittsburgh, Lake Erie and West Virginia System Refunding Mortgage Gold Bonds, the Company has acquired and deposited, as additional security under that mortgage, more than seventy-five per cent. of the Pittsburgh and Western First Mortgage Four Per Cent. Gold Bonds of 1917.

n order that the remaining holders of said bonds maturing in 1917 may have the opporof receiving in exchange for their present bonds the Company's new Pittsburgh Lake Erie and West Virginia System Refunding Mortgage Four Per Cent. Gold Bonds of 1941, the Company has arranged with Messrs. J. P. Morgan & Co. to exchange raid bonds, bond for bond; accrued interest on the respective bonds being adjusted in cash at the date of the exchange.

Holders desiring to make such exchange must surrender their Pittsburgh and Western Failway Company's First Mortgage Four Per Cent. Gold Bonds of 1917 at the office of Messrs J. P. Morgan & Co., No. 23 Wall Street, New York, on or before July 1, 1905. Upon such surrender they will receive in exchange the new Baltimore and Ohio-Pittsburgh, lake Erie and West Virginia System Refunding Mortgage Gold Bonds, bond for bond, and a cash payment equal to the difference between the interest accrued upon the Pittsburgh and Western Rallway Company's First Mortgage Bonds and the Baltimore and Ohio-Pittsburgh, Lake Erie and West Virginia System Refunding Mortgage Bonds at the date of exchange.

The Pittsburgh and Western Railway Company's First Mortgage Bonds so exchanged will be deposited as additional security for the new bonds.

Copies of the mortgage securing the new bonds and any further information desired may be obtained at the offices of the Company or at the office of Messrs. J. P. Morgan & Co.

BALTIMORE AND OHIO RAILROAD COMPANY,

Baltimore, June 1, 1905

Pursuant to arrangements made by a Syndicate for the exchange of shares of the Rubber Goods Manufacturing Company for shares of the United States Rubber Company, the undersigned gives no-Trust Company of New York is prepared to receive the deposit of certificates for any shares of the Rubber Goods Manufacturing Company for the purpose of such exchange on the following basis:

For each \$100 par value of the Preferred Stock of the Rubber Goods Manufacturing Company, \$100 par value of the 8% non cumulative First Preferred Stock of the United States Rubber Company. For each \$100 par value of the Common

Stock of the Rubber Goods Manufacturing Stock of the Rubber Goods Standacturing Company, \$50 par value of the 6% non-cumulative Second Preferred Stock of the United States Rubber Company. Such preferred stock of the Rubber Goods Manufacturing Company must carry all divi

dends and rights to dividends declared or payable after July 1, 1905. Dividends on the preferred stocks of the United States Rubber Company to be de-livered to depositors are to begin to accrue from July 1, 1905.

Arrangements have already been made for the equisition of a very large proportion of the stock of the Rubber Goods Manufacturing Company. The offer herein made for stock of the Rubber the deposit and sale hereunder of at least twothirds in amount of all outstanding shares of the capital stock of the Rubber Goods Manufacturing

Certificates for stocks of the Rubber Goods Manufacturing Company must be deposited with the Central Trust Company of New York, as depositary as stated below, in exchange for its transferable

The deposited certificates must be accompanied by suitable assignments and powers of attorney, in blank, duly executed, and having attached thereto, if required, suitable assignments or transfers of all dividends and rights to dividends as above stated. Every deposit must be made upon the following further terms and conditions:

(i.) The undersigned shall have power to deliver the deposited certificates to the United States Rubber Company; but until so delivered the undersigned shall have full control over such certificates. The transfer and delivery to the United States Rubber Company of the deposited shares of the Rub-ber Goods Manufacturing Company may be completed whenever the undersigned shall deem that a sufficient amount of such stock shall have deen deposited.

(2.) The certificates for shares of the United States Rubber Company deliverable to depositors shall be delivered at the office of the Central Trust Company of New York in the City of New York, after public advertisement by the undersigned made in at least two newspapers in the City of New York. Such certificates may be issued in the names of the respective holders of the receipts entitled thereto, or may be issued in such other names as the undersigned may select, in which event they shall be endorsed for transfer in blank at the time of de-livery. Every depositor agrees to accept in full payment and exchange for his deposited stock certificates for shares in the capital stock of the United States Rubber Company to be delivered at the rates above specified. in respect of the stock by him so deposited. At the option of the undersigned, temporary certificates for such shares may be delivered. pending the preparation and delivery of en-

The United States Rubber Company has

issued and has now outstanding 235,255 shares of preferred stock and 250,000 shares of common stock. Under resolutions of its Board of Directors at the meeting thereof held May 12, 1905, which action was ratified by resolutions of the stockholders in special meeting assembled upon May 25, 1905, the preferred stock is to be changed into a First Preferred Stock and is to be increased to 600,000 shares, of which 90,514 shares will be issuable in exchange for an equal amount of shares of the Rubber Goods Manufacturing Company, and the remaining First Preferred Stock will be reserved for future requirements of the United States Rubber Company. By the same resolutions, there has been authorized an issue of 100,000 shares of a Second Preferred Stock of the United States Rubber Company, all of which will be issuable to the aforesaid Syndicate under a contract (with the United States Rubber Company, of which a copy is on file with the Central Trust Company of New York, and to which reference hereby is made), providing for the offer by the Syndi-cate of one share of such Second Preferred Stock of the United States Rubber Company for every two shares of the common stock of the Rubber Goods Manufacturing Company. To the extent that the Syndicate shall not be entitled to such Second Preferred Stock under sald contract, such Second Preferred Stock will be held by the United States Rub-ber Company for its future corporate requirements. It is the intention of the United States Rubber Company to make application to the New York Stock Exchange for the listing of all new stock.

(3) The Central Trust Company of New York may make all such rules as it shall deem expedient covering the transfer and registration of receipts for deposited shares and for the closing of the transfer books for such receipts for any purpose.

(4.) At any time before the stocks of the United States Rubber Company actually shall have been issued and delivered in ex-change for stocks of the Rubber Goods Manufacturing Company deposited hereunder this offer may be revoked; and in such case no act or notice of revocation shall be required other than an advertisement thereof at least once in each of two daily newspa pers in the City of New York. In the event of any such revocation, the deposited stocks then remaining unexchanged shall be re-turned without charge upon surrender of the respective receipts issued therefor, and the depositors and receipt-holders, respectively, shall have no claim against the United States Rubber Company or the Syndicate or against the undersigned.

Deposits must be made at the office of the Cenral Trust Company of New York, 54 Wall Street, New York City, on or before the 15th day of June, 1905. After that date, no deposit will be received except in the discretion of the undersigned. and on such terms as the undersigned may pre-

The right is reserved to the undersigned to terminate the privilege of deposit hereunder at an earlier date upon two days' notice, to be given by publication at least once in each of two daily newspapers in the City of New York.

WILL PRODUCE 167,555,250 POUNDS IN FIRST HALF OF YEAR.

By-products Send the Value Up Above \$95,000,000-Alaskan Streams All Open and Big Rush Is On to the Northern Camps-Rich Strikes in Nevada.

output at 28,000,000 pounds, the Butte disrict's production of copper for the first six nonths of 1905 will reach the enormous total of 167,555,250 pounds. According to the rate copper was turned out during the first week of June the estimate of 28,000,000 pounds for the month will be exceeded. For the first five months the production was 139,-555,250 pounds. At a fifteen cent market the six months production is worth \$93,155,387.50.
The by-products of gold and silver, averaging a fraction over two cents to the pound of cop-per, will add about \$3,000,000 to that. There are still other by-products, like arsenic, &c., of considerable value, which will add a million or more to these figures. The great bulk of that enormous income is spent in Montana for labor, supplies, taxes, freight, &c The May production of the six leading companies in the Butte district was as

Boston and Montana (Amalgamated). Anaconda, Washoe, Parrot, Trenton, Butte and Boston (Amalgamated)...... 13,702,000 United Copper 3.780.000
Clark mines 8.627.000

Within the next year at least four addi-ional companies will contribute to the copper production. They are the Pistsburg and Montana, Belmont Mining, Reins Copper and La France Copper companies, all of which are pushing development work.

The Parrot mine of the Amalgamated Company, which was shut down during a part of May and April, is again working to near full capacity and is shipping about 500 tons of ore a day to the Washoe smelter. While the mine was shut down additional men were put to work in some of the other reased so that the loss from the Parrot was offset and the production was not affected. The Rarus mine of the United Copper, which was shut down for some time while repairs were being made on its shaft, is also work-

ng with a full force.
The Reins Copper Company, which has for several years been operating on money furnished by Col. J. M. Guffey of Pittsburg, has authorized the expenditure of \$10,000 a month for a period of six months to develop its property, the Combination mine. It is proposed to sink the shaft 400 feet deeper and enlarge it, and purchase a new hoisting plant and a pump large enough to handle the heavy inflow of water. No cross cutting will be done until the shaft reaches a depth of 1,200 feet, but a station will be cut at the end of each 100 feet. The Combination should develop into a good mine some day, if locaion counts for anything, as it is an extension of the famous Leonard mine of the Boston and Montana company

HELENA, Mon., June 5 .- The recon sat the United States Assay Office in this city for May show a splendid increase of more than \$29,500 as compared with those of the pre-May show a splendid increase of more than \$2,900 as compared with these of the previous year, the farries being \$1,93 and \$1,05,806, respectively, the previous year, the farries being \$1,93 and \$1,05,806, respectively, the property of the operations and the previous year, and the previous year, and the previous year, the farries being \$1,93 and \$1,05,806, respectively, the property of the previous year, and the property was sold to the Standard Ore Company of Helban and has been successfully in the property was sold to the Standard Ore two they have been used to the form and years, only to be taken over two years ago by a new company. is required, and from Fairbanks to Dawson. White Hrse or Nome, a larger guard may be required. It is now conceded that \$6,000,000 will come out of the Tanana mines this 000 will come out of the lanana mines this season. The superintendent of the Northern Commercial Company has received information from St. Michael that the Yukon River is open at the mouth and no trouble will be experienced in lightering freight from the larger to the smaller steamers. River steamers can make the trip up the stream without interruption and are now awaiting the arrival of the ocean steamers from Seattle. There are forty-five of the river steamers now at St. Michael, all in good condition and ready to receive cargoe.

St. Michael, all in good condition and ready to receive cargoe.

The upper Yukon, Atlin and Tagish are also free from ice, and steamers started on their summer schedules a week ago.

Another crowd of wealthy Pennsylvanians from the anthracite region arrived yesterday and departed last night for the Copper River country, where they will remain several months. They are in position to construct railroads, tramways, build ships, open mines, or do anything else in the way of opening up and developing a new country. Copper, coal and petroleum are found in this part of the Territory in great abundance. NEVADA.

of the Territory in great abundance.

NEVADA.

GOLDFIELD, June 5.— Developments on the Sandstorm for the last few days have been sensational. At the fifty foot level a grab sample showed a value of \$204 at qn. Fannings from drill holes a few feet further down indicated \$400 a ton and better. In the old vertical shaft thirty feet beneath the surface a streak about twelve inches wide has been opened running into the thousands. Pannings have been made indicating values as high as \$30,000 a ton. Pieces taken out are 25 per cent. pure gold. It is quite possible that the streak will sack just as it comes out from \$1,000 to \$5,000 to the ten.

It is impossible as yet to say anything as to the extent of this phenomenal ore, but it is certain that in the Sandstorm the camp has added another great mine to its list. The big strike was made on the Loftus-Davis lease on the Sandstorm property.

A year ago Michigan capitalists took a bond on the entire Sandstorm for \$80,000. They had a gang of men at work for three months and sank a shaft where the big strike was just made. They made an average of fifty assays daily, but they did not get a showing better than \$4 a ton, and gave up in disgust. When Loftus and Davis took the lease known as No. 5 they sacked and shipped all of the ore on the dump from the shaft and got returns of \$140 a ton without sorting.

The strike is causing great excitement here. Armed guards are on watch at the Sandstorm, and the ore is being sacked as fast as mined.

A party of Eastern capitalists, including representatives of John Hays Hammond and the Guggenheim interests, arrived here a few days ago. It is understood these people are interested in valuable placer properties in Tule Canon, about thirty-five miles southwest of Goldfield.

One property which is under bond for \$155,000 to Mr. Hammond and his associates

west of Goldfield.
One property which is under bond for \$125,000 to Mr. Hammond and his associates will pass into the hands of his representatives to-day. A complete dredging plant has been C. E. Knox and Don B. Gillis of the Montana C. E. Knox and Don B. Gillis of the Montana Tonopah have just purchased for themselves and Philadelphia capitalists for \$250,000 three claims and a fraction which adjoin the Montgomery-Shoshone mines of Bullfrog, on the north. It is believed the great Shoshone vein passes through this property.

RENO, June 5.—The Gold Basin is the latest mining district discovered near Bullfrog. It is 35 miles east of Bullfrog and was found last spring by H. B. Cavannah. The ore in his mine runs up to 3,100 ounces of silver a ton, while the gold value averages \$150. The ledge is 12 feet wide and the rich pay streak is 10 inches in width.

CALIFORNIA.

SAN FRANCISCO, June 5.—The Classic Hill mine in Siskiyou is probably the most peculiar mine in California, as it consists of a big slide on a mountain side which is constantly moving down. Though operated as a hydraulic mine, it has no boulders and no gravel, the gold being rough and jagged like quartz gold. The mine has yielded much money, but after working it a few weeks each season the mine because of the sliding earth, which covers the sluice boxes and once caught and overwhelmed a Chinaman before he could escape. The present management has run a deep bedrock cut and will enlarge the ditches so as to meet the sliding earth and dispose of it.

At the Marguerife mine in Sierra county

The fide price of the price of

Lackawanna Steel Comany. A curious thing about the Utica is that it was found under the stripping dump of the Mahoning mine, in a spot where the latter had been wasting its stripping for years under the supposition that there was no ore there. This dump grew to the height of forty feet, and the shait of the Utica was put through it. Now this dump, and the earth in place below it and over, the ore is to be moved off for mining operations.

A shaft is to be sunk on the newly discovered Hale deposit near the village of Biwabik, where G. A. St. Clair has been exploring for ore for some time and has succeeded in getting a small deposit. This mine was supposed to have been exhausted and was abandoned by the lessee last year. Now comes a new man, who finds a body of ore lying close to the old and probably a part of it. This incident shows the postibilities of the range and the reward yet to come to those who have persistence, faith, goed judgment and money to do exploring with.

WASHINGTON.

SEATTLE, June 5.—In Skagit county, heretofore noted for its tall firs and gigantio
cedars, a new discovery has been made of
bornite ore going from \$50 to \$210 in copper,
gold and silver. The vein is twelve feet in
width at an elevation of 1,200 feet, and is
two and a half miles from a completed and
operating railroad. It is probably the handsomest ore ever discovered in the State,
and can be put down at a smelter at a cost
for freight not in excess of \$2.50 a ton. Mining men are now investigating the property
and endeavoring to get a price on it.

Again capital is taking interest in the Monte
Cristo mines and considerable first class
ore is going to the local smelters. The district is more than mecting the expectations
of those who have the mines under bond
and some good sales are now in prospect.
With its railroad connections, its connections
with smelters and tide water, and its high
grade copper-silver ores in great abundance
there is every reason to believe that Monte
Cristo will make one of the greatest minging
camps in the Pacific Northwest. The most
encouraging signs at present are the widening of the ore bodies with depth and the
fact that the ore also is increasing in value.

BRITISH COLUMBIA.

BRITISH COLUMBIA.

SEATILE, Wash., June 5.—The extension of railroads into new territory is causing many prospecting parties to outfit at Vancouver and Victoria, and many new and important discoveries are now being made in gold, silver, lead, copper, platinum and iron. The field is immense.

SALT LABE, June 5.—The probabilities are that the ozocerite recently found in such large and rich quantities in the heart of the town of Colton will be handled by the firm of Will & Baum of Syracuse, N. Y. A representative of the company is on the ground and is expected to close the deal.

The Raven Mining Company will spend \$100,000 in developments and equipment of its gilsonite mine on the Uinta Reservation, and will increase the output to 3,000 tops a month.

AT WAR WITH THE JANITOR. Broken Heads on Both Sides of the Con-

troversy-Magistrate Holds No One. Peters Roberts, the janitor at 229 East Sixty-third street, appeared as complainant in the Yorkville police court yesterday against John and Patrick Hayes. His head was done up in bandages, his left eye was blackened and his nose was smashed. He complained that the Hayes brothers thus ornamented him.

Mrs. Roberts, the janitor's wife, had an argument last Thursday with John Lacey, a tenant. Mrs. Roberts, it is alleged, had had a hammer in her hand. When the argument was finished an ambulance took Lacey to the Flower Hospital with half a

dozen stitches in his scalp.

Mrs. Lacey, after consulting with her brother, John Hayes, who boarded with her, went to the Yorkville police court
